

The First Show in Palme Middle East 2013 Golden Sea Won Clients ' High Approval

Palme Middle East 2013, the greatest professional lighting and Sound Exhibition in Middle East, was held from 21st to 23rd May in Dubai World Trade Center.

Golden Sea had exhibited at the show with full all-new products line and obtained great evaluation of customers.

All-New products including the latest global MINI BEAM LED MOVING HEAD SERIES, INNOVATIVE QUAD RGBW LED SERIES, TYPICAL PLATINUM BEAM AND SPOT LIGHT SERIES, NEW 1500W PROFILE SERIES and so on, were presented during the exhibition. Golden Sea ' s lighting equipments gained good reputation among customers as high brightness, stability and uniform dyeing functions in pro-lighting industry.

The booth design was elegant and brief but not simple. Terbly won wide praise from customers with its superb technology, stable quality and perfect artistic effect. Meanwhile, the warm and thoughtful service of Golden Sea made visiting guests feel at home.
