

Golden Sea Made Donations to Assist the Fight against the Virus

After the outbreak and spread of novel coronavirus, China has made best effort to fight in the battle. As a company, Golden Sea, has also made its great effort to offer help. Considering there was a big shortage of medical supplies at front line, the management took action immediately to contact its subsidiary and agents overseas for purchasing the necessary protective medical material, which is still in massive demand nationwide. During the past days, Golden Sea has made donations of total 22,280 face masks to Wuhan Jinyintan Hospital, Shi Yan Hospital of Traditional Chinese, Shiyan Fangxian People's Hospital in Hubei province, The First Affiliated Hospital of Sun Yat sen University in Guangzhou which has dispatched medical staff to assist Hubei peers, and Guangzhou Panyu Central Hospital among 12 hospitals. Moreover, Golden Sea also donated 200,000RMB to Panyu Charity Association to assist the provention and control, which will be directed to Hubei Guangshui Suburban Health Center and The First Affiliated Hospital of Sun Yat sen University. With these donations and action, Golden Sea hopes to convey to the people working at the front line the care, support and the message from Golden Sea: We are standing together with you! Victory will surely come!
