This 25-minute light show is to showcase China's great achievements in the past 70 years since the founding of the People's Republic of China. There are four chapters in the show with each chapter having one main color to express the theme based on the creative light layout and design.

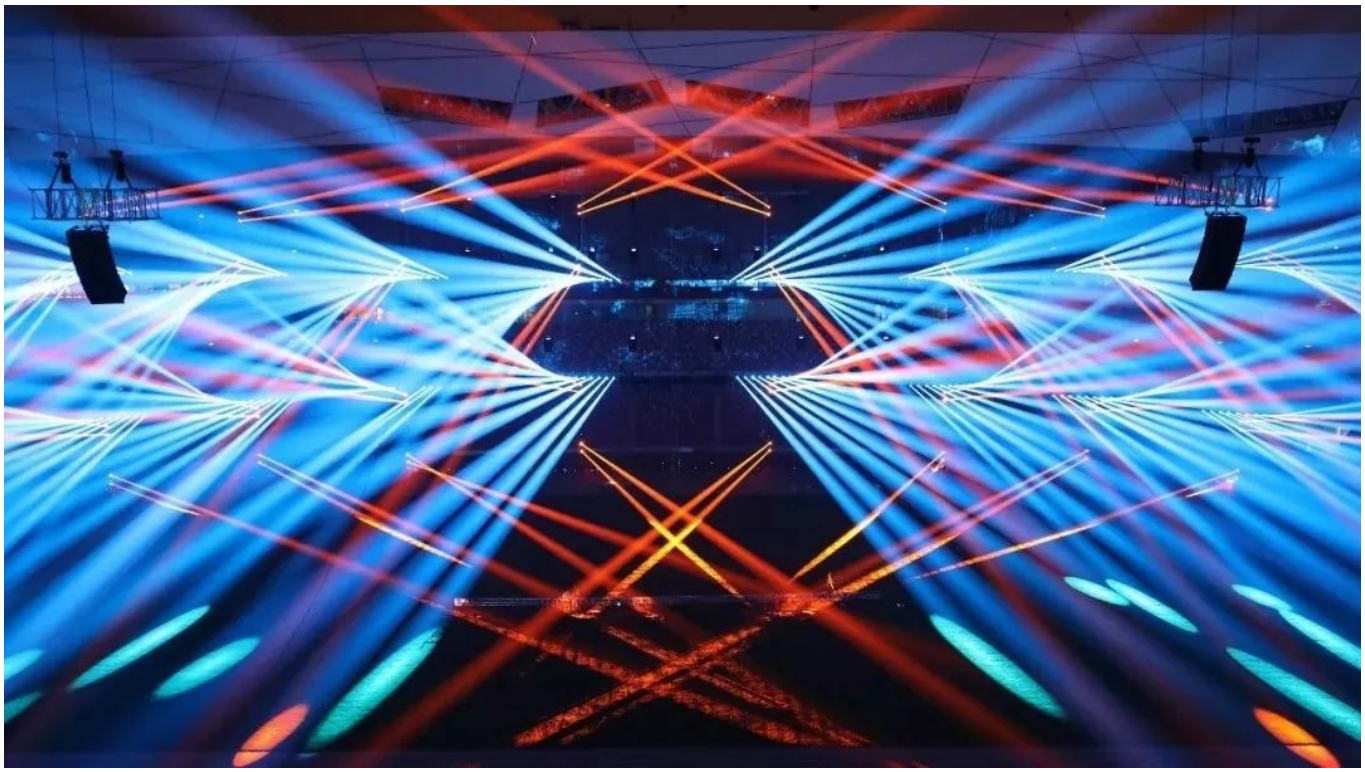

As the largest audio-visual and video show in China, 99% of lighting equipments used in the show comes from Chinese companies, among which is Golden Sea, main lighting provider, which has provided 200 units of TERBLY G25HYBRID to support the show.
