

Fruitful MA seminar ended up everyone gaining much knowledge and friendship in Golden Sea

After 3 days' informative training by famous Australian lighting designer Paul Collison on MA workflow and programming, co-organized by ACE, MA and Golden Sea, the MA seminar finally comes to its fruitful end at its seminar tour in Guangzhou stop in Golden Sea. Paul has not only delivered his rich knowledge about MA workflow and programming, but also shared his precious experience on projects without reservation. After the training, all trainees have been granted with certificate signed by Paul for the training.
